

North Carolina Board for Licensing of Geologists CE Reporting Form - Hurricane Helene Disaster Assistance

Licensees will be allowed to claim up to 24 CE hours for *geological services* directed toward helping Hurricane Helene recovery efforts in declared disaster areas. While paid services provided as part of your regular job duties may be claimed, we ask that you exercise your best judgment to claim hours proportionate to the time and effort devoted to this response and recovery. Be sure to retain documentation such as notes, photos, or any other documentation you believe may be appropriate. All CE is subject to Board approval in the event of CE audit, and further information may be requested.
