

3. Professional Experience:

List and describe your professional practice beginning with your most recent position. Give complete address. You may attach separate sheets if necessary. Employment Verification Forms, provided online, should be completed by the supervisor for each job listed and submitted directly to the Board office.

Company (Name, Location, Supervisor)	Dates (Month/Year)	Job Description

*List start month/ year and end month/year for each job.

4. References:

List the names of five licensed geologists, qualified geologists or professional engineers who can attest to your character, reputation, responsibility, integrity and competence. Have them submit the Professional Reference Form provided online directly to the Board office. At least two of the references must be submitted by qualified or licensed geologists familiar with your work in the field of geology. You are encouraged, but not required, to list your most recent supervisor(s) as references. Do not list relatives or persons working under your supervision.

Name	Address	Code*

*Geologist = G Engineer = E

5. Additional Licenses:

List geological or other registrations or licenses that you currently hold that have been issued by any governmental authority within or without the State of North Carolina.

NOTE: If applying for license by comity, the Board will verify that your license was issued by examination.

State	Discipline	License Number	Date Issued	Method of Licensure (Exam, Comity, Grandfathered)

Have you been denied license/certification in any other state after making application? Yes No
If answer is yes, explain on a separate sheet.

Has any other licensing agency issued a disciplinary action against you? Yes No
If answer is yes, explain on a separate sheet.

6. Professional Affiliations:

Name of Organization	Type of Membership/Offices Held

*** Important notes:**

This application must be completed in its entirety, signed, and notarized. All required documentation must be received in the Board office before the application will be considered by the NC Board for Licensing of Geologists. Board meeting dates are posted [online](#).

The non-refundable fee of \$55.00 must accompany this application. Do not send cash. Make checks payable to NC Board for Licensing of Geologists (NCBLG).

Exam Applicants:

- The Board must approve exam applications before the exam can be ordered. Please refer to the [Exam](#) and [Meetings](#) pages online to ensure that your application will be reviewed prior to the exam order deadline.
- Sections 3, 4, and 5 of this application are not required for applicants who are only applying for Part I.
- If updating an application for approval to take Part II, no application fee is required.

Comity Applicants: Board staff will request verification of license from states listed in section 5. Some states require licensees to submit a form and/or fee prior to verifying a license. It is the responsibility of the applicant to supply other State Boards with necessary information.

7. Affidavit and Notarization:

I understand that I may be required to furnish additional information if requested by the Board.

I hereby certify that I have read the North Carolina Geologists Licensing Act (Chapter 89-E of the N.C. General Statutes), the Rules and Regulations of the North Carolina Board for Licensing of Geologists and the Code of Professional Conduct adopted by the Board. I further certify that the information contained in this application (including attached sheets) is true and correct to the best of my knowledge.

In making this application for license as a geologist in the State of North Carolina, I attest that I understand the geology of North Carolina through study of the geology specifically related to North Carolina or through practical experience in North Carolina and I will strive to assure that my practice of the profession will not endanger the health and safety of the citizens of North Carolina. Furthermore, I recognize the importance of understanding the specific geologic setting of projects in North Carolina that I will be working on as a licensed geologist, and I will take the necessary steps to gain this level of understanding.
